Biographical / Historical

The furniture industry in Grand Rapids was a mainstay of the local economy from the late nineteenth century to the middle of the twentieth century. Companies such as the John Widdicomb Co., the Baker Furniture Co., the American Seating Co., the Berkey & Gay Co., Carl Forslund Inc., the Nelson-Matter Co., Steelcase, Stickley Bros. and Stow & Davis produced much of the furniture in the Grand Rapids area factories, for sale across the country. These companies grew from small, family run shops to large-scale industries over the course of fifty years. During this industrialization, a lot of production became mechanized. A portion of furniture, especially household furniture, remained handcrafted. Companies such as American Seating, Herman Miller and Steelcase remain today as large-scale, often international, industries.

Information on the history of individual furniture companies may be found included in some of the trade catalogs, or in other publications including in Coll. 233, the Grand Rapids Furniture Industry Collection or Coll. 084, the Furniture Manufacturers Association Collection.

A basic reference tool for understanding the Western Michigan furniture companies is the publication Grand Rapids Furniture : the Story of American's Furniture City / by Christian G. Carron. Public Museum of Grand Rapids, 1998.

Naming Conventions Used in the Finding Aid

Generally, the corporate names used in this finding aid are the fuller forms of those names actually given on the items described. The forms of these names often provide evidence of the date of the catalog and contribute to the overall history of the development of the company. Catalogs are listed under the names of the companies, listed alphabetically, in direct order, according to the official name form given in the publisher or imprint section of the item. However, cross-references are given under other forms of the name that may have been in the catalog in the title, for example, or on other literature of the company. Also, cross-references are given from shortened names commonly used for those companies.

Milling Road Furniture

Biographical / Historical

Milling Road Furniture, hand crafted by Grand Rapids Chair Company, Division of Baker Furniture, Inc. Historical Note, based upon Carron, 1998, pg. 153: The Grand Rapids Chair Co., was founded in 1872. From 1945-1957 it operated as a subsidiary of Sligh-Lowry, under it's own name. The Grand Rapids Chair Company was purchased by Baker in 1957, but the furniture continued to be produced under the Grand Rapids Chair Company name. In 1973 the factory & assets were fully integrated into Baker, and the Grand Rapids Chair Co. name was discontinued.

General

The catalogs of this family oriented furniture business often include images of family and staff, posed in group shots or in candid images. Some of the photographers identified include Marius Rooks, and Earl Woods. See the separate Rooks Collection, No. 230, for possible negatives that may correspond with some of the images in these catalogs. Many of the catalogs appear almost identical from year to year, but include some changes that make them unique, and usually have a different cover. The 1975 & 1976 catalogs are unique, with some changes in content, although the covers look the same. Most of the catalogs include a variety of decorative objects for sale, in addition to the furniture illustrated. Several had clippings removed from these before being given to the Library.

Catalog titles were taken from front covers. Various printers were used over the years, including R.R. Donnelley & Sons Co. of Chicago, as well as local firms.

Biographical / Historical

Per Carrol (1998) Foote-Reynolds Co. was in business from 1919 to 1926 when it was purchased by Kindel Furniture Co. However, evidence in an Autumn 1925 Kindel Foote-Reynolds Bed catalog indicates that Kindel had already taken over by 1925. See the Kindel section for these items.

Date Note		
Date Note		
Carron (1998) gives the date of the merger of Luce and the Furniture Shops as 1925. Since no mention of Luce is made on this item, it is believed to date in 1925 or before. Carron also gives the date of the Furniture Shops of Grand Rapids from 1923 to 1933. Thus, it is presumed that this item dates from 1923 to the 1925 merger. In 1933 Luce filed for bankruptcy, which may have resulted in the disappearance of the "Furniture Shop" name, after that date.

Founded in 1886, the Grand Rapids School Furniture Co., and known as the Grand Rapids School Furniture Works, the name was used until about 1899, when it merged with several other companies to form the American School Furniture Co. (N.Y.), in 1906. It first used the name American Seating Co., but the offices did not move back to Grand Rapids until 1931. (See Carron). Thus, items below are believed to date between between 1886 and 1899.

Grand Rapids Seating Company

Biographical / Historical

Carron (1998) list the Grand Rapids Furniture Co. for the years 1902 to 1957. He does not list the Grand Rapids Seating Company. The Grand Rapids Furniture Co. is listed at 192 Butterworth in the 1894 Grand Rapids City Directory.

In the 1895 Grand Rapids City Directory, for the Grand Rapids Furniture Co., there is a cross reference to See the Grand Rapids Seating Company. The Grand Rapids Seating Co. entry lists the officers and location as given on the title page of the catalog now in this collection.

The 1896 Grand Rapids City Directory again lists the Grand Rapids Seating Company, this time with P. Frost Shepherd as President, W.J. Perkins as VP, C.B. Judd as VP, and S.W. Peregrine as Secretary/Treasurer, still at the same location. The Grand Rapids Furniture Co. is absent from the directory.

The 1897 GR City Directory once again lists the Grand Rapids Furniture Co., at the 192-212 Butterworth Ave. address. No officers are listed. The Grand Rapids Seating Co. is also listed at this address, with the same officers as for 1896.

In the 1898 Directory, the Grand Rapids Furniture Co. is listed with an address at Broadway between 9th and 10. The other Company's listing reads "Grand Rapids Seating Co. Peninsular Trust Co. Trustee."

In 1899, the Grand Rapids Seating Co. entry is gone, and members of the Perkins family, who have run the Grand Rapids School Furniture Co. during this time period, and at Broadway address, are now listed as officers for both the School Furniture Co. and the Grand Rapids Furniture Co.

Processing Information:**Processing Information**

Evidence from these materials indicates that these items may have come from one source, Jack Buzzitta, and were perhaps his working files of trade literature, which came in with accession no.1993.011. Also contained with this material are some sketches & memos that have been completely removed from this collection and returned to unprocessed storage with the rest of the original accession.

The items retained in this collection are trade literature, left here for the present, but may be moved to a Buzzitta or Stow/Davis collection during future processing. Most of the items are not from Grand Rapids Companies. Only 2 Grand Rapids furniture trade items were found in the 50 items inventoried from this folder. Those two items have

been placed in Bo 16, alphabetically by company. Several other items are non-Michigan trade items, and listed in Series III of this finding aid, for the present.

Widdicomb Brothers and Richards / Widdicomb Furniture Company

Biographical / Historical

This is a different company than the John C. Widdicomb Company, which is listed in the "J"s alphabetically.

The Widdicomb Furniture Co. was the successor firm of Widdicomb Brothers & Richards, in 1873, remaining in operation until 1950, when it merger with Mueller Furniture Corp. to form the Widdicomb-Mueller Corp. See the separate trade catalogs associated with the Widdicomb-Mueller era. In 1960, this relationship was ended, returning with Widdicomb continuing on it's own into the 1960's.

In 1970, the name was purchase by the John Widdicomb Co.

The notable furniture design T.H. Robsjohn-Gibbings worked from the Widdicomb Company from 1943-1956. His name used or associated with a publication may help distinguish which of the Widdicomb Companies the items is issued from. In the 1960's Robsjohn-Gibbings worked for Baker, and some of this designs have made it into later publications from the John Widdicomb or associated organizations, in the 1980's and 1990's after the designers death.
