Title:	Father Dennis Morrow history of Grand Rapids collection
ID:	Collection 273
Date [inclusive]:	1830s-2000s
Date [bulk]:	1970-2003
Physical Description:	8.4 Linear Feet
Language of the Material:	English
Abstract:	Father Dennis W. Morrow is the pastor of St. Peter and Paul Roman Catholic Church, archivist for the Roman Catholic Diocese of Grand Rapids and chaplain for the Grand Rapids Fire and Police Departments. Father Morrow grew up on the West Side of Grand Rapids, Michigan and has a deep knowledge of the history of the area. This collection contains mostly photographs that Father Morrow took or collected. The photographs document the 1950s US-131 freeway construction project, houses and buildings throughout Grand Rapids and images related to the fire department. The collection is particularly strong in capturing images of buildings after fires and/or before demolition. Also included is biographical information, research documents and ephemera.

Biographical / Historical

Father Morrow is pastor of St. Peter and Paul Roman Catholic Church, on the West Side of Grand Rapids, west of the Grand River. Father Morrow grew up on the West Side, and has a deep knowledge of the history of this area in particular, as reflected in his slide presentation included in this collection, which documents the areas lost to that community, through the 1950's 131 Freeway Construction Project. Additionally, Father Morrow has an extensive interest in the buildings of Grand Rapids, and has included in this collection numerous images of structures gathered through his research, and also through his activities as Chaplain for the Police and Fire Departments.

As Archivist for the Diocese Archives since 1976, he has continued to build the historical files of that Archives related to the area Catholic Churches, but has also acted as a volunteer at the Grand Rapids

Public Library Archives. He routinely serves as agent to bring new items to the GRPL collections in general.

Scope and Contents

The largest percentage of data in Father Morrow's Collection are the many photographs of buildings which he has collected. These have been acquired from a variety of sources, including images which are in other GRPL archival collections. This duplication within collections may come from the Morrow image originating in a GRPL collection, or from Father Morrow's work to acquire images from new lenders, which were added to the GRPL archival collections as well as his own, both before or since he has given this collection to the Library.

Related Materials

Related Materials

Father Morrow has gathered items for addition to many collections and served as an agent to bring other donors and their materials to the GRPL Archival Collections. He has done archival processing on some collections, such as the Robert Veit Fire Department Photographs.

His own historical work is represented in several collections, but most notably:

Coll. 270, Gathered At The River Collection. Father Morrow was one of the participants/authors of this project to gather church related history, under the Grand Rapids Humanities Council sponsorship.

Coll. 175 GRPL Moving Images Collection. Father Morrow's historical presentations have been captured on a couple of moving images which are included in this collection.
